

INNER PEACE & TRANQUILITY

About this orgone

An orgone device is a substance made of resin, metals and quartz that strengthens your body's energy field, helping to protect you from negative energy and EMFs. Crystals work by exposing your energy body to a certain healing frequency, until your natural frequency is raised to resonate with the crystal's.

Crystals

Clear Quartz: Its metaphysical purposes are vast, from helping to expand consciousness to facilitating open communication and stimulating the chakras. For those needing clarity of mind, clear quartz healing properties will eliminate energy blockages and allow energy to flow smoothly throughout the body.

Red Jasper: Red Jasper is a good stone for healing both in a physical and metaphysical sense. It helps in removing the energy blockages in the chakra to bring an overall balance and improved health. Wearing a Red Jasper necklace focuses your mind and eases your worries because it resonates with all the energy centers in the body.

Other Material

Copper: Copper is known as the lucky metal, as well as the healing metal. It is the conductor of the spiritualist's belief system. Copper conducts spiritual energy back and forth between individuals, crystals, auras, the mind and the spirit world. Any stone with Copper, in or around it, is said to have enhanced properties.

Steel: Steel's energies are highly projective and its associated with the planet Mars - the God of war. As such, it should come as no surprise that wearing stainless steel can be a little like donning spiritual armor. If you are looking to protect yourself from psychic attacks, extreme negativity or anything that would suck the energy right out of you, stainless steel is a good option.

Additional metals such as aluminum, steel or brass are often included. Decorative rocks, sand or colored powders are often added to create a unique design.
