

## INNER PEACE & TRANQUILITY

### About this orgone

An orgone device is a substance made of resin, metals and quartz that strengthens your body's energy field, helping to protect you from negative energy and EMFs. Crystals work by exposing your energy body to a certain healing frequency, until your natural frequency is raised to resonate with the crystal's.

### Crystals

**Quartz:** Its metaphysical purposes are vast, from helping to expand consciousness to facilitating open communication and stimulating the chakras. For those needing clarity of mind, clear quartz healing properties will eliminate energy blockages and allow energy to flow smoothly throughout the body.

**Tiger's Eye:** Tiger's Eye Stone is a crystal with lovely bands of yellow-golden color through it. This is a powerful stone that helps you to release fear and anxiety and aids harmony and balance. It stimulates taking action and helps you to make decisions with discernment and understanding, and unclouded by your emotions. It is a stone that amplifies and boosts the energies of any quartz, crystal, or stone.

**Hematite:** Hematite helps to absorb negative energy and calms in times of stress or worry. Hematite is a very protective stone and is great to carry to help you stay grounded in many situations. Hematite is also good for working with the Root Chakra, helping to transform negative energies into a more positive vibration.

**Amethyst:** -Amethyst is like a spa-day in a stone, it is the exact kind of relaxing energy that we could all use after a long day. Allow amethyst's energy of contentment to soothe away the day-to-day stresses that keep you up at night. In working with the third eye and crown chakras, Amethyst helps your body give into innate desires like sound sleep and relaxation, but it also works with your third eye to balance the mind with insightful solutions to problems.

### Other Material

**Copper:** Copper is known as the lucky metal, as well as the healing metal. It is the conductor of the spiritualist's belief system. Copper conducts spiritual energy back and forth between individuals, crystals, auras, the mind and the spirit world. Any stone with Copper, in or around it, is said to have enhanced properties.

**Sea Glass:** And so the tide, the sun and the moon are infused into the essence of the sea glass. Washed upon the shore and waiting to be discovered, like a gift from the universe. A pure, magical sea glass gem, charged with spiritual healing of the ocean. And so this feeling of calmness, of peace and tranquility is evoked every time you wear your beautiful sea glass jewelry.

All orgones are made using various shaped silicone molds and resin. Additional items and metals such as aluminum and brass may be included to create a unique design.
