

## INNER PEACE & TRANQUILITY

### About this orgone

An orgone device is a substance made of resin, metals and quartz that strengthens your body's energy field, helping to protect you from negative energy and EMFs. Crystals work by exposing your energy body to a certain healing frequency, until your natural frequency is raised to resonate with the crystal's.

### Crystals

**Quartz:** Its metaphysical purposes are vast, from helping to expand consciousness to facilitating open communication and stimulating the chakras. For those needing clarity of mind, clear quartz healing properties will eliminate energy blockages and allow energy to flow smoothly throughout the body.

**Agate:** If your life constantly feels out of balance, with one aspect going well while another spins out of control, use agate to establish stability with its grounding energy. This crystal slowly but surely helps you build up your strengths and diminish your weaknesses with acceptance. With increased concentration and confidence, agate makes it easier to focus on what is good in your life, so that you can heal from mistakes and bring harmony to everything you do.

**Hematite:** Hematite helps to absorb negative energy and calms in times of stress or worry. Hematite is a very protective stone and is great to carry to help you stay grounded in many situations. Hematite is also good for working with the Root Chakra, helping to transform negative energies into a more positive vibration.

**Monstone:** - A stone for "new beginnings," Moonstone is a stone of inner growth and strength. It soothes emotional instability and stress, and stabilises the emotions, providing calmness. Moonstone enhances intuition, promotes inspiration, success and good fortune in love and business matters.

### Other Material

**Copper:** Copper is known as the lucky metal, as well as the healing metal. It is the conductor of the spiritualist's belief system. Copper conducts spiritual energy back and forth between individuals, crystals, auras, the mind and the spirit world. Any stone with Copper, in or around it, is said to have enhanced properties.

**Petrified Wood:** The earth energies present in this stone will calm your nerves and ease your fears. It will fill you with feelings of security, stability, and well-being. Petrified Wood is an ideal stone for meditation because it will guide you in knowing what's important and what's not.

**Sea Glass:** And so the tide, the sun and the moon are infused into the essence of the sea glass. Washed upon the shore and waiting to be discovered, like a gift from the universe. A pure, magical sea glass gem, charged with spiritual healing of the ocean. And so this feeling of calmness, of peace and tranquility is evoked every time you wear your beautiful sea glass jewelry

All orgones are made using various shaped silicone molds and resin. Additional items and metals such as aluminum and brass may be included to create a unique design.
