

INNER PEACE AND TRANQUILITY

About this orgone

My orgone creations use a combination of orgone matrix and healing crystals to help people make energetic shifts. An orgone device is a substance made of resin, metals and quartz that strengthens your body's energy field, helping to protect you from negative energy and EMFs. Crystals work by exposing your energy body to a certain healing frequency, until your natural frequency is raised to resonate with the crystal's.

Crystals

Rose Quartz - Lowering stress and tension in the heart, Rose Quartz clears out anger, jealousy, and resentment of others, and allows healing of heart issues and disease associated with holding on to such negative emotions. Known as a romance stone, Rose Quartz can be used to attract love.

Howlite is predominantly a calming stone. It will aid in sleeping, calming the overactive mind, eases insomnia, dreaming, dream retention and stress relief. Physically, it calms the whole body and releases muscle tension. It eliminates pain brought about by stress.

Citrine: • Citrine-boosts confidence and personal power; dissipates and transmutes negativity; allows for clarification of problems; assists in acquiring wealth and maintaining wealth; stimulates openness and helps smooth family or group-problems. The Merchant's Stone: The Meaning, History, and Uses of Citrine. Known by many different names, such as The Merchant's Stone for its luck-bringing qualities, the Stone of the Mind for its ability to facilitate psychic powers, and the Light Maker for its sun-like energy, Citrine is the birthstone of November.

Other Material

Copper: Copper is known as the lucky metal, as well as the healing metal. It is the conductor of the spiritualist's belief system. Copper conducts spiritual energy back and forth between individuals, crystals, auras, the mind and the spirit world. Any stone with Copper, in or around it, is said to have enhanced properties.

All orgones are made using various shaped silicone molds and resin.

Additional items, decorative stones and metals such as aluminum and brass may be included to create a unique design.
