

INNER PEACE & TRANQUILITY

About this orgone

An orgone device is a substance made of resin, metals and quartz that strengthens your body's energy field, helping to protect you from negative energy and EMFs. Crystals work by exposing your energy body to a certain healing frequency, until your natural frequency is raised to resonate with the crystal's.

Crystals

Clear Quartz: Its metaphysical purposes are vast, from helping to expand consciousness to facilitating open communication and stimulating the chakras. For those needing clarity of mind, clear quartz healing properties will eliminate energy blockages and allow energy to flow smoothly throughout the body.

Ocean Jasper: Like other forms of Jasper, Ocean Jasper has the ability to bring about physical, mental, and emotional healing. The ability to bring tranquility and deep calm has restorative effects that make Ocean Jasper a powerful crystal with profound healing powers. Also, Ocean Jasper is also a comforting stone and conveys peace of mind. It is also a stone of happiness and recreation, which is great for facilitating support at your home or workplace.

Other Material

Copper: Copper is known as the lucky metal, as well as the healing metal. It is the conductor of the spiritualist's belief system. Copper conducts spiritual energy back and forth between individuals, crystals, auras, the mind and the spirit world. Any stone with Copper, in or around it, is said to have enhanced properties.

Petrified Wood: Connect with Petrified Wood if you want to establish deep roots. Even when you're filled with fear, panic, or anxiety, you will be grounded and stable because of its energies of calm. The earth energies present in this stone will calm your nerves and ease your fears. It will fill you with feelings of security, stability, and well-being. Petrified Wood is an ideal stone for meditation because it will guide you in knowing what's important and what's not.

Steel: Steel's energies are highly projective and its associated with the planet Mars - the God of war.
